SUITS AND STOCKS**Reports From Washington Heard on
Exchange in New York—Advances Are Later Sold Off.

NEW YORK. March 26.—In well-informed quarters there was an even-
tual disposition on the stock market
today to accept rumors from Wash-
ington and elsewhere to the effect
that the administration had virtually
decided to abandon the several
anti-trust suits now pending.

United States Steel's role outward
manifestation of this prospect was
a rally of one and one-half points
from its low of the forenoon but
from a fraction of the rebound re-
mained at the end, the entire list
closing off on fairly large offerings
of sales. Canadian Pacific yielding
almost three points.

Investment issues were heavy
when they moved at all, while early
gains in secondary metals, oils and
the shipyards were largely dissipated
later, six per cent rate for call
loans adding to the unsettlement at
the close.

Yields division of the bond mar-
ket was heavy or weak. Liberty
fourth class, making a new mini-
mum of \$3.45, foreign issues losing
fraction of a point and the general
annualized Old United States coupon and registered 3 were
carried higher on call.
